## WHAT DOES THIS MEAN?

You can be signed into multiple accounts on Parentapps Connect! ## Why do schools change to mobile communication methods?

- Parents rarely visit the **school website**
- **Paper Expensive, time consuming**, not eco friendly, don't arrive home, don't get read, often come back in child's bag.
- **Text Message Expensive**, limited on characters, only goes to one primary contact, doesn't link to anything, parent's change their number and is old technology!
- **Email Problem, getting everyone's email** address, parents don't read them, **we all get too much email**, goes into junk, can't rely on when it will get read.
- **Social Media has Low take up**, parents **wary of social media**, open to other people other than parents, **better for marketing** the school.
